90 DAY LIMITED WARRANTY WITH ARBITRATION CLAUSE AND CLASS ACTION WAIVER (REFURBISHED XBOX PRODUCTS)

Microsoft warrants that your refurbished Xbox One console, Kinect for Xbox One sensor and/or Xbox accessory (each, an "Xbox Product") will not malfunction under normal use conditions for 90 days from the date you purchased that Xbox Product from an authorized retailer. The warranty excludes normal wear and tear, and damage caused by accident or abuse. **Other exclusions and limitations apply, including merchantability.** To obtain service, call Microsoft at (800) 4MY-XBOX (469-9269) or go to xbox.com/xboxone/support. Please read the entire Limited Warranty, including more information about obtaining service, at xbox.com/xboxone/warranty. You may read and email a copy to yourself during product registration.

If you live in the United States, Section 9 of the Limited Warranty contains a binding arbitration clause and class action waiver, available at xbox.com/xboxone/warranty/arbitration. The arbitration clause affects your rights about how to resolve a dispute with Microsoft. Please read it. Parts of the arbitration clause are described below.

Any dispute not resolved by informal negotiation or in small claims court will be resolved only by individual binding arbitration under the Federal Arbitration Act before a neutral arbitrator whose decision will be final—not before a judge or jury, and not in a class action lawsuit or a class, representative, or private attorney general proceeding of any kind. The American Arbitration Association will conduct the arbitration under its Commercial Arbitration Rules. The Limited Warranty's arbitration clause contains the rest of the terms, instructions, and forms for notifying Microsoft of a dispute or commencing arbitration.

REGULATORY INFORMATION

- Not intended for use in machinery, medical or industrial applications.
- Any changes or modifications not expressly approved by Microsoft could void the user's authority to operate this device.
- This product is for use with NRTL Listed (UL, CSA, ETL, etc.), and/or IEC/EN 60950-1 compliant (CE marked) Information Technology equipment.
