## MEASUREMENTS – CLOTHES

### **Bust**

For bust size measure around your chest at the fullest point of your bra cup. Make sure to go under your arms, not around them!

### **Natural Waist**

Measure around the smallest part of your waistline with one finger between your body and the measuring tape.

### **Hips**

Stand with your heels together, keeping tape straight and parallel to the floor. Measure around the fullest part of your hips.

### **Inseam**

Find a pair of pants that fit you well and measure from the crotch seam to the opening at the bottom of the pant leg. Round the number to the nearest 1/2" to get your inseam length.
