People always ask me, "Why did you open a burger joint, right next to the world's largest burger joint?" The answer is always the same - "Because my burgers are simply, better." Bent Fork burgers are made daily (with our own 2 hands) using only 100% ground-beef. Our burgers don't come out of a frozen box...like the "other joint's" burgers do.
Thanks for coming and enjoy the difference!
